It is important that you get a replacement if you are unable to work a funeral. It is vital that we have enough help for the meal so we may continue our tradition of preparing and serving a funeral meal to the family and friends of our deceased parishioners.

If you are unable to work the day of the funeral, you should try to come help set up the evening before. The women who have a "+" in front of their names are free to decline from working or getting a replacement if they wish.

Everyone will chair 2 funerals or cleanings and co-chair 2 funerals or cleanings
